**PROCEDURAL ORDER ON REMAND**

By Order issued March 29, 2001, the Board approved the University Campus Plan until December 31, 2010, subject to conditions intended to mitigate any adverse impacts potentially arising from the location of a university use in a residentially zoned district. The Applicant appealed the Order to the District of Columbia Court of Appeals. On December 4, 2003, the Court of Appeals issued an opinion vacating the Board's decision because "a number of the conditions imposed by the BZA cannot be sustained." The case was remanded to the Board for further proceedings consistent with the Court's opinion.

In addition to the Applicant, parties to the proceeding are Advisory Neighborhood Commission 2E, the Burleith Citizens Association, Citizens Association of Georgetown ("CAG"), Cloisters in Georgetown Homeowner's Association, Foxhall Community Citizens Association, Georgetown Residents Alliance, and Hillandale Homeowners Association ("Hillandale").

At a public meeting on June 22, 2004, the Board indicated its intent to conduct further proceedings on the application, and requested submissions from the parties recommending issues they believe should be addressed on remand. Parties were also invited to comment on whether the Board should only receive written submissions on designated issues, or whether they believed that an additional hearing should be held on this matter.

By letter dated June 23, 2004, to the parties, the Office of Zoning indicated that submissions from parties were due on August 2, 2004. Submissions were received from the Applicant, CAG, and Hillandale. All three parties requested an opportunity to file written submissions. CAG also requested a hearing to receive new evidence on certain issues. All parties concurred that the focus of future submissions should be the reformulation of conditions imposed in this case so that they are consistent with the legal principles set forth in the Court's opinion. The Board agrees with the Applicant and Hillandale that additional hearings are not needed for the Board to determine whether the application should be granted, and, if so, what conditions are required to mitigate any potential adverse impacts or objectionable conditions arising from the university use.

The Board hereby directs any party that wishes to do so to submit to the Office of Zoning a proposed order, either granting or denying the application in whole or in part, including findings of facts and conclusions of law, no later than 3pm Friday, December 17, 2004. Pursuant to 11 DCMR § 3121.4, each party must serve any proposed findings of fact and conclusions of law on all other parties at the same time as they are filed with the Board. No responses to the proposed orders will be accepted.

Each finding of fact, other than those that relate to procedural matters, should include citations to the record evidence or testimony that support the statement made. Orders proposing to grant the application should include proposed conditions necessary to mitigate any potential adverse impacts identified, based on the existing record in this proceeding. The Applicant may also offer conditions intended to ameliorate the issues and concerns of the affected ANC or the other parties. Parties submitting orders proposing to deny the application may, without prejudice to their position, also attach proposed conditions. Each proposed condition should be followed by an explanation as to how it is consistent with the principles and concerns expressed in the Court of Appeal's decision and cite the specific finding(s) of fact or conclusion(s) of law that support its imposition.

Accordingly, it is **ORDERED** that the Board **APPROVES** the issuance of this Order.

**BY ORDER OF THE D.C. BOARD OF ZONING ADJUSTMENT**

Each concurring member (Geoffrey H. Griffis, Ruthanne G. Miller, Curtis L. Etherly, Jr., John A. Mann II) has approved the issuance of this Order.
